<ul style="list-style-type: none"><li>Delivered real-time support for internet issues via phone, email &amp; remote tools.</li><li>Assisted with router/modem setup and basic network/device troubleshooting.</li><li>Coordinated with field engineers and NOC to resolve technical escalations.</li><li>Guided customers on safe internet use and service features.</li><li>Monitored network status and conducted initial diagnostics during outages.</li><li>Consistently maintained 95%+ customer satisfaction.</li></ul>	(May 2018- April 2020)

## Projects

### Subscription Box

Link: <https://starlink-bd.web.app>

Repo link: [starlink-bd.web](https://github.com/ahsanhabib77/starlink-bd.web)

**Tech Stack:** React.js, Tailwind CSS, Firebase, JavaScript, Swiper.js, React Router, LocalStorage

**Overview:** A personalized Subscription Box Service Platform where users can browse, subscribe to, and manage monthly boxes tailored to their interests. Each box delivers curated items for a fresh and exciting experience every month.

### Key Features & Contributions:

Implemented Firebase Authentication for secure login, sign-up, and password reset.  
Developed dynamic and protected routes using React Router to control access and navigation.

Enabled users to subscribe to personalized boxes (e.g., beauty, gadgets, food) and manage their profiles. Ensured a fully responsive UI with Tailwind CSS and enhanced interactivity using Swiper.js and localStorage for data handling.

## Lawyer Appointment Booking Application Link: <https://starlink-bd.web.app>

Repo Link: [bd-law-hub](#)

**Tech Stack:** React.js, Tailwind CSS, JavaScript, React Router, LocalStorage, Toast Notifications

**Overview:** A single-page application for browsing lawyer profiles and booking appointments with ease. It features intuitive navigation, duplicate booking prevention (via localStorage), and a responsive, user-friendly design.

### Key Features & Contributions:

Built dynamic lawyer listing and detailed profile views with booking functionality using reusable components. Used localStorage to prevent duplicate appointments and added toast notifications for real-time feedback. Managed state and navigation with React hooks, ensuring smooth UX. Designed a fully responsive UI with Tailwind CSS and added Swiper.js for enhanced user interaction.

## Technical Skills

---

<b>Programming Languages:</b>	C, JavaScript (ES6+)
<b>Markup &amp; Styling Language:</b>	HTML5, CSS3
<b>Frontend Technologies:</b>	React.js, React Router, Tailwind CSS / Bootstrap.
<b>Backend Technologies:</b>	Node.js, Express.js, RESTful API development, Middleware & Authentication.
<b>Database:</b>	MongoDB
<b>Tools &amp; Platforms:</b>	Git & GitHub, VS Code, npm, Netlify / Vercel / Render (Deployment).
<b>Other Skills:</b>	Firebase Authentication, Responsive Design (Mobile-first approach), Error Handling & Debugging,
<b>Soft Skills:</b>	Teamwork & Collaboration, Communication, Problem Solving, Time Management, Fast Learner & Self Motivated

## Soft Skills

---

• Critical Thinking • Problem Solving • Collaboration • Adaptability • Time Management

## Certifications

---

### CCNA (Cisco Certified Network Associate R & S)

IBCS-PRIMAX Software (Bangladesh) Limited • Issued: December 2018

### Complete Web Development Level-1

Programming Hero By – Jhankar Mahbub • Issued: July 2025
